Make your own souvenir

This is just a selection of the experiences we offer. Ask us for further options or your special wishes. The Swiss sky is the limit.

SWISSPECIAL Summer Experiences 2025

“Heidi-Land” Mountain Farming

Traditional farming, friendly animals, and fresh mountain cheese.

Experience life on a traditional Swiss alpine farm, just like in the famous Heidi movie. Watch as local artisans craft fresh cheese, and enjoy a tasting in the cheese cellar. Meet the cows, goats, and soak in the stunning mountain views. Reach the farm via small cable cars or scenic roads. Far from any tourist paths.

Secret Mountain Highlights

Feel the power of the mountains and breathe the pure air.

The Swiss Alps cover 70% of Switzerland's surface, offering a rugged yet captivating landscape of rock, water, snow, and ice. Discover hidden paths and untouched treasures far from the crowds. Panoramic car rides and short hikes take you to lunch in a mountain inn surrounded by the beauty of the mountains.

Alpine Dream Roads

Great views and experiences on and off the roads.

Numerous roads cross the Alps, and the Swiss military and mountain farmers have built countless dirt roads through wild landscapes to breathtaking viewpoints. Discover wildlife, waterfalls, military bunkers from World War II, and enjoy lunch in the most remote and untouched corners of Switzerland.

Mountain Adventure by Helicopter

Exclusive high alpine experiences.

Our pilots offer many exclusive landing sites and unique experiences for you. Landing in the snow? A glacier baptism with champagne? A mountain hut lunch or a scenic sightseeing flight? Let's plan it together. Don't worry, we always respect wildlife and adhere to strict landing regulations in the Alps.

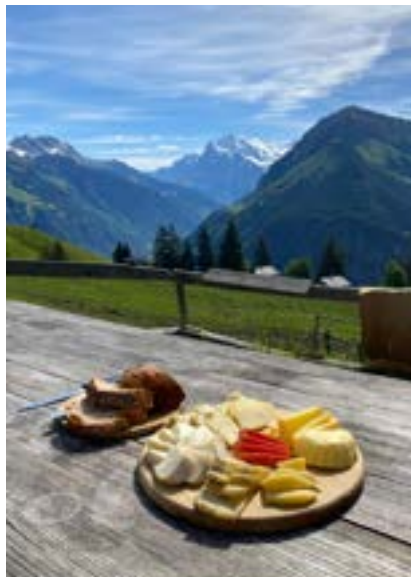

SWISSPECIAL Summer Experiences 2025

Cheese and Wine Delights

Savor the finest cheeses and wines amidst scenic landscapes.

Switzerland is world-famous for its cheese tradition. Less known is that excellent wines are also produced at the foot of the Alps. You will learn the secrets behind these local delicacies directly from the producer. Taste the finest cheeses and wines while enjoying Switzerland's most scenic landscapes.

Hiking with cute Animals

Experience nature even more intensely with an animal.

Hike through scenic alpine landscapes accompanied by a lovely animal. Whether it's an alpaca, llama, goat, pony, or a friendly dog, you'll pass farms, streams, and mountain forests. Connect with nature and enjoy a well-deserved picnic by the campfire or at a farm with stunning views.

SWISSPECIAL Summer Experiences 2025

E-Bike and Hike

The double mountain experience for every fitness level.

Depending on your fitness level and desired destination, we carefully select the suitable routes for you. Fun and unforgettable moments in fascinating mountain landscapes. First by e-bike and then by hiking. Enjoy a relaxing lunch break along the way, either as a picnic in the great outdoors or in a cosy, traditional mountain hut.

World War II Bunkers – Lunch Inside the Mountain

The most exclusive lunch location of your life.

Once top secret and now partially decommissioned, countless bunkers that the Swiss military blasted deep into the mountains await exploration. We visit one that houses a unique restaurant with excellent cuisine. The signs of war are still visible as we experience the magic power of the high mountains inside and out.

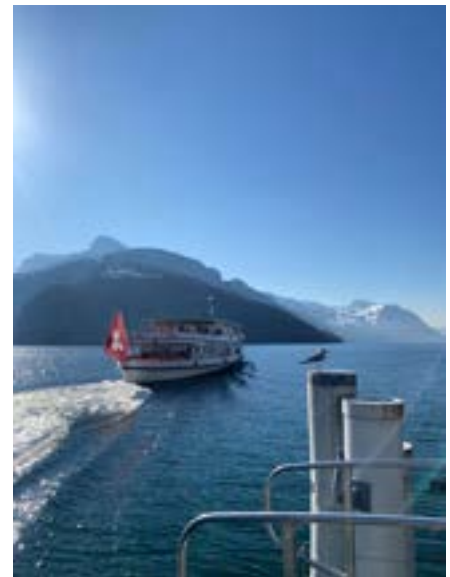

SWISSPECIAL Summer Experiences 2025

Private Boat Cruise and Shore Excursions

For many, the most beautiful lake in the world.

Mountain giants, steep forests and pretty villages line the 150km shoreline of Lake Lucerne. The shore excursions are varied: waterfalls, historical sites, a glass factory, you name it. Aperitif is on board, a delicious lunch right by the lake and, of course, a dip in the cool water at any time. Cast off, there is so much to discover.

Make Your Own Swiss Souvenir

Typically Swiss - made by yourself.

Chocolate, cheese, and the Swiss Army knife – these are iconic Swiss classics. Create your own personalized souvenir and take it back home – only the cheese will need to mature in the mountain cellar. Your self-made Swiss treasures will provide lasting enjoyment for you and make a thoughtful gift for family and friends.

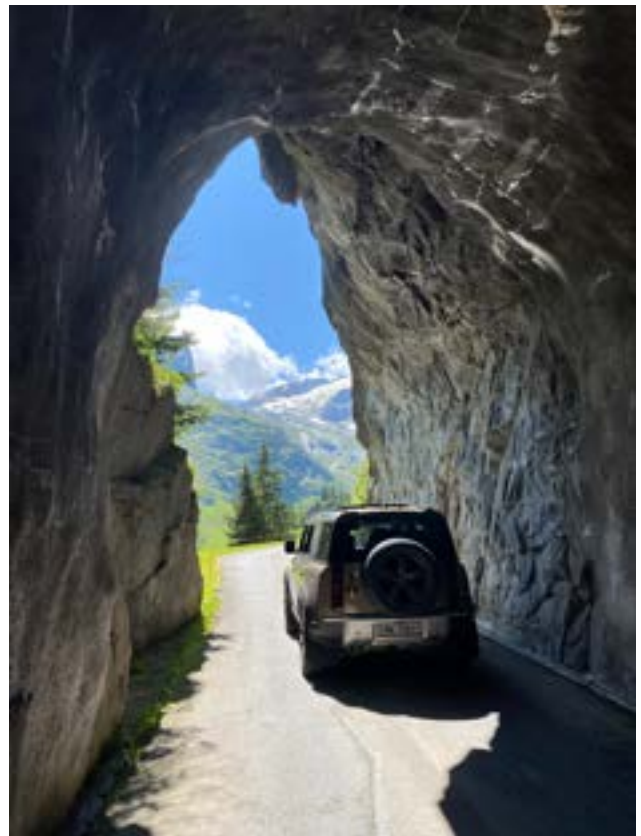

SWISSPECIAL Summer Experiences 2025

THE BEAUTIES AND SECRETS OF SWITZERLAND JUST FOR YOU.

Discover everything you want to know about Switzerland's rich heritage, history, and natural beauty. The itinerary will be tailored to your preferences. Many experiences can be combined to create your perfect adventure. Explore the Alps in style, with car rides in our Land Rover with a panoramic roof or the legendary Willys Jeep vintage car from 1947.
