SUMMER EXPERIENCES 2027

PRIVATE GUIDING

Discover authentic Switzerland. Inspired by your dreams.
Mountains, lakes, traditions, and adventures.

SWITZERLAND. YOUR WAY.

Mountain farming and artisanal cheese

Traditional farming, handmade cheese and real Alpine life.

Experience life on a traditional mountain farm, high above the valley and far from the crowds. Take part in making cheese by hand and visit the cheese cellar. Meet cows and goats, and enjoy stunning mountain views. These farms are reached by narrow roads or small cable cars, well away from busy tourist routes.

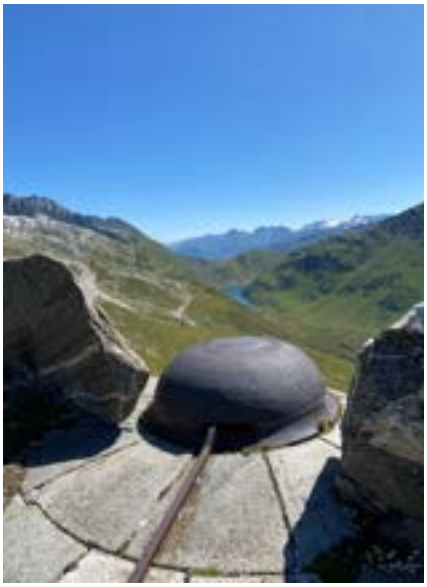

World War bunkers – history at high altitude

Exclusive access to hidden military sites.

Hundreds of military fortifications were built into the Swiss mountains. Once top secret, many are now decommissioned. Explore these fascinating sites in a spectacular Alpine setting. Follow the traces of Swiss military history along rugged roads while enjoying breathtaking mountain scenery.

Scenic drive through the countryside

Lakes, castles, historical towns and country inns.

Not every Swiss adventure needs a mountain summit. We follow quiet country roads through rolling hills, traditional villages and beautiful rural landscapes. Along the way, discover historic castles, manor houses and local traditions. When it is time for lunch, we stop in a welcoming, time-honoured country inn.

Hiking with cute animals

Experience nature more intensely with an animal companion.

Hike through scenic alpine landscapes accompanied by goats, friendly dogs, alpacas, llamas, or ponies. Pass farms, streams, and mountain forests at a relaxed pace while getting to know your four-legged companion. Enjoy a well-deserved picnic in the countryside, by a clear mountain stream or around a campfire.

Family adventure day

Memorable experiences for the whole family.

A great family day is one where the children are excited and the parents can relax. We tailor the experience to the children's ages, interests and energy levels, as well as the parents' wishes. Nature, animals and playful activities can all be part of the day. Our experienced, family-friendly guide accompanies you throughout.

Exploring mountain landscapes on foot

Magnificent mountain hikes - at your own pace.

We choose the route according to your wishes, fitness level and the conditions of the day. From relaxed forest walks to challenging mountain trails, your experienced guide will share his profound local knowledge along the way. For lunch, we'll stop at a traditional mountain inn or enjoy a picnic outdoors.

Adventures on two wheels

Enjoy the countryside by bicycle — for all fitness levels.

Explore peaceful lakeside roads, mountain trails or quiet country lanes. We create a route that suits your wishes, preferred pace and the landscapes you want to discover. Enjoy lunch at a cosy country inn or stop for a picnic surrounded by nature. The perfect mix of activity and enjoyment, accompanied by your experienced guide.
