# WINTER EXPERIENCES 2027

## PRIVATE GUIDING

**Discover authentic Switzerland. Inspired by your dreams.**
**People, mountains, traditions, and adventures.**

## SWITZERLAND. YOUR WAY.

SWISSPECIAL

# DISCOVER THE FASCINATION OF SWITZERLAND IN YOUR OWN PERSONAL WAY.

# Active in the snow

Snow is even more fun when you're on the move.

We take a cable car into the mountains and explore spectacular landscapes on snowshoes. Enjoy peaceful surroundings and a warming mulled-wine break along the way. If you wish, we'll introduce you to the basics of avalanche safety. After lunch in a cosy mountain hut, we may sledge back down to the valley.

# Winter wonderland

**Enchanted by the magic of snowy landscapes.**

Discover the quiet side of Swiss winter. We explore snow-covered landscapes and peaceful mountain forests, always at your preferred pace. Along the way, we may discover animal tracks, enjoy a hot drink in the snow and stop for a traditional Swiss lunch in a cosy mountain inn. A wonderful treat for those who prefer to take it easy.

# Adventure trip to the farmer’s lunch

Along winding paths to the secluded lunch table.

A mountain farmer takes us into the mountains by 4x4 or snowmobile. From there, we put on our snowshoes and make our way downhill, past rocky cliffs and through snow-covered forests. At the farm, a delicious homemade lunch awaits us, shared with the farmer's family. And of course, there is time to meet the goats.

# Family adventure day

Memorable experiences for the whole family.

A great family day works when the children are excited and the parents can relax. We tailor the experience to the children's ages, interests and energy levels as well as the parents' wishes. Snow, nature, animals and playful activities can all become part of the day. Always accompanied by our experienced, family-friendly guide.

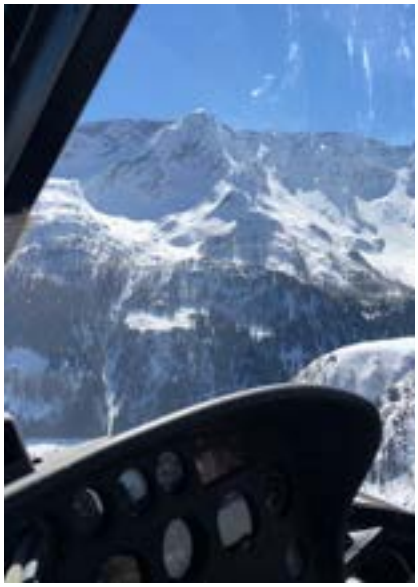

# Mountain adventure by helicopter

Exclusive alpine experiences at high altitude.

Take to the skies and enjoy a bird's-eye view of Switzerland. Land on a mountain, raise a glass of champagne on a glacier, have lunch in a mountain hut, or take a sightseeing flight around a famous peak. We can incorporate a helicopter flight into almost any of our programmes – subject to weather conditions and availability.

# Fondue in the snow

Cheese fondue where it simply tastes best.

There’s nothing quite like enjoying a traditional cheese fondue in the mountains. After a leisurely winter walk, we settle down for an aperitif and fondue in the open air or, if the weather calls for it, in a cosy mountain chalet. The walk can be as long or as short as you wish. This is the best way to enjoy Switzerland’s national dish.

# Cheese and wine delights

**Cheese and wine from the Alps – a feast for the senses.**

Meet local producers and taste cheese and wine where they are made. From Alpine cheese cellars to vineyards at the foothills of the Alps, each visit brings you closer to the people, stories and landscapes behind the flavours. Enjoy a relaxing day filled with culinary delights and authentic encounters with local producers.

# Baking traditional cookies at a mountain farm

An experience not just in the farmhouse kitchen.

Side by side at the kitchen table, guests roll, cut and decorate cookies the way Swiss families have done for generations. The family shares their recipes and takes the time to show guests around the farm. Guests can meet the animals and discover the farm's delicious produce.

# Self-made chocolate or Swiss Army knife

Proudly made in Switzerland — by you.

Two Swiss icons - and this time, you make one of them yourself. Create your own chocolate or personalise and assemble your own Swiss Army knife as a lasting reminder of your time in Switzerland. The experience is easy to combine with a mountain excursion, sightseeing day or another Swisspecial activity.

**Activities may change due to weather and road conditions or safety reasons.**

**The experiences featured in this brochure are not fixed itineraries.**
